BUSINESS IMPROVING

FREIGHT AGENTS MORE CHEERFUL OVER THE OUTLOOK.

Trains Beginning to Move with Regularity-Toledo, Peoria & Western Not to Be Foreclosed.

Yesterday freight trains began to move with more regularity, and the impression was that by Tuesday both through and local freights on a majority of the roads would begin to be handled without difficulty. The outlook in regard to freight business, say those in a position to understand the situation for the future, is better than it was with the opening of July, 1893. The promise for a heavy grain hare vest is good, a large movement of live stock is in prospect, the coal traffic will be a more important feature, as stocks in all markets are low, while last year all were overstocked. The mercantile and industrial situation, aside from the strike troubles, which will likely cut a less important figure from this on, is better than a year ago. The prospective conditions for passenger traffic are less favorable than for freight, but, while the roads derived large earnings from passenger business in 1893, a majority of them had to expend large sums of money in equipping their lines for the business, and many of them had to meet large damages from accidents, from which they have been remarkably ex-

empt this year.

Does Not Mean a Foreclosure Sale. Mention was made a few days ago that financial circles were much surprised that the Toledo, Peoria & Western did not pay the interest on the first mortgage bonds due July 1. An official, in speaking of this default in paying the interest, says: "The road earned all but \$50,000 of the interest on the first mortgage bonds for the year ending July 1, 1804. The dullness in business during the past six months of the year, together with the soft coal strike in Illinois and the existing conditions brought about by the great strike are accountable for the deficit. The road is in fairly good order; in fact, in better shape than it was a year ago. It has no floating debt beyond the current bills incident to every railroad, and simply needs more business to enable it to earn the interest. While it is an open secret that the Penn-sylvania and Chicago, Burlington & Quincy companies own three-fourths of the stock and nearly one-half of the bonds, the man-agement of the property has not been disturbed in a single particular. This management has operated since the last reorganization and there is no indication of any interference on the part of the corporations named. It is hoped that business will improve in the near future, and a fair increase will enable the company to pay the interest. There is no suggestion, so far as can be learned, of any proceedings looking to foreclosure and reorganization, which, if attempted, would only add to the expense account of the road and the cost to bondholders."

Supply in Excess of the Demand. A railroad official, in speaking yesterday of roads shopmen had gone out because they handled Pullman cars, said that last week, when in Chicago, he heard some prominent railway official talking on this question. He stated that a number of men had quit for that reason in their shops, but so far as their road was concerned they conferred a favor on it. "We have," he said, been keeping a large force in our various shops engaged on work which could have been deferred weeks, or even months to come, simply for the purpose of giving employment to the men." He added they are now cut, and they will find it much harder to get their old positions than it was to drop their tools and strike, as the supply of mechanics and machinists seeking employment is far in excess of the demand. Officials of two other roads were present and stated the conditions were much the same as regards their shops.

Chicago's Freight Shipments. The effects of the strike on Chicago railroad traffic are clearly perceptible in the official returns of last week's shipments. They fell off from 42.982 tons from the previous week and 45,793 tons for the corresponding week last year to 11,664 tons last week. The roads carried tonnage as follows: Michigan Central, 1,774; Wabash, 1,277; Lake Shore, 1.665; Fort Wayne, 1,171; Panhandia, 1,190; Baltimore & Ohio, 52; Grand Trunk, 1,084; Nickel-plate, 1,338; Erie, 2,115. Shipments were made up of the following articles in tons: Flour, 377; grain and mill stuffs, 3,609; provisions, lard, etc., 2,000; dressed beef, 2,252; butter, 662; hides, 285; lumber, 866; miscellaneous, 545.

May Accidents. The records of the Railway Gazette show that in May there was a total of one hundred accidents on the roads of the United States, in which thirty-four persons were killed and 111 injured. Of those killed two were passengers, thirty employes; of those injured, thirty-seven were ssengers and seventy employes. Fortythree of the accidents were the result o collisions, fifty-four from derailments and four from other causes. The worst of the train accidents in May was that in a tun-

nel near Princeton, Ky., in which eight employes were killed. Personal, Local and General Notes. The Society for the Promotion of Engineering Education will hold its first annual meeting in Brooklyn, New Yora, Aug. 20

The Philadelphia & Reading employes are not likely to become involved in this strike. is its trainmen are not connected with any labor organizations. About sixty Indianapolis wheelmen have

arranged to go via the Chicago & Alton and the Union Pacific to Denver, Aug. 13, to attend the annual meeting of the League of American Wheelmen. The employes' insurance association started on the Philadelphia & Reading road

when Austin Corbin was its president is till maintained and highly approved by the receivers of the roads. The troubles of the Northern lines are rough lines, Yesterday Train 6 over the Annaylvania lines hauled three well-loaded fiman sleeping coaches, and Train 20, in | gists.

the afternoon, hauled five, every berth oc-cupied. Train 18, over the Big Four, hauled three Wagner sleeping cars, filled to their

The Cincinnati, Hamilton & Dayton is getting ready to handle a good deal of grain from this territory. Yesterday it trains of empty cars west to be loaded for Toledo, Detroit and the East. J. H. Veltch has teen appointed division freight and passenger agent of the Chicago, Milwaukee & St. Paul, with head-quarters at Kansas City vice T. W. Lippincott, assigned to other duties.

The strike has created quite a boom in business with the express companies. Not in many years, it is stated, has their business been heavier than since the strike was inaugurated and stopped freight trains. Franc's F. Flagg, who on July 1 took the vice presidency of the Merchants' Dispatch Transportation Company, will continue to act as secretary and treasurer of the company, positions he has filled for many

July 1 was the usual time for declaring a three-per-cent. semi-annual dividend on the common stock of the Indianapolis Belt Road and Stockyards Company, but the directors postponed the matter until the results of the present strike are better known.

An official of the Vanderbilt lines say the report that the Vanderbilts are to build a line from the terminus of their Beech Creek line at Mahaffey to Pittsburg, in orof the Pennsylvania lines, is not correct, so far as the Vanderbilts are concerned. An official of the Pennsylvania lines east of Pittsburg states that the strike has not reached the Pennsylvania road proper. The effort of the American Railway Union to increase its membership on that part of the system has been a flat failure, and the belief is that this trunk line will be un-

The Wagner Sleeping Car Company has recently placed three of its new design cars in the Big Four Southwestern limited trains. They are elegantly unished on the interior, and present a very handsome out-side view. The steps of the vestibules are inclosed, and after a train begins to move t has a solid appearance and one cannot

New York begins to feel the strike in the West. The representatives of the following Western roads in New York have been laid off and their offices vertically closed until further orders: The Northern Pacific, the Great Northern, the Chicago, Milwau-kee & St. Paul, the Chicago & Northwest-ern, the Chicago & Rock Islani and the Chicago, Burlington & Quincy.

J. Q. Van Winkle, general superintendent of the Big Four lines, yesterday afternoon went to Cincinnati to meet the grievance committee of the firemen, who, it is said, wish to have their pay restored In speaking of this a loyal engineer on the Big Four said: "That's the way to do it; strike and tie up the road, cutting off its revenue, and then ask for an advance of wages. That is very consistent.'

While the traveling salesmen have a committee at Washington trying to induce Co gress to pass a law to permit the railroads to issue interchangeable mileage tickets, a half dozen roads in this State and Ohio which have nad such tickets on sale for several years have gotten tired of and are abandoning the practice. The only line absolutely sure of its revenue is the one selling the ticket. The roads are inclined to be incredulous concerning the lowed the tickets they will stop the deal ing with scalpers. Such tickets would open a wide field for the scalpers if the commercial men should dear with them.

Engineers of maintenance of way, who had been hoping to get money after June 30, the close of the fiscal year with most roads, to make improvements, are very de spondent. One of them said yesterday: 'Our general manager says this strike has cooked the goose for your department, the strike knocking the nottom from under our earnings. Strict economy will be the rule now for the next twelve months to overcome, as far as possible, the losses of the first month in our discal year." Said a tenance of way's department: "Chief Engineer Kittredge will hardly be able to get President Ingalls to carry out his inten tion of building large central shops at In dianapolis or make many other less important improvements this year, so deeply will the strike cut into our earnings." Said another engineer of maintenance of way: wanted eighteen miles of new steel and three new bridges, and to put in 7.00 more new ties this season, but the strike has done up my department for this year.

BOARD OF WORKS ROUTINE.

South Pennsylvania-Street Brick-

Final Action Taken. At its session yesterday morning the Board of Public Works ordered Chief Jefferson, of the assessment bureau, to serve legal notice of assessment upon all property owners benefited by the construction of the sewer in Washington street, from Noble to Rural street. Sept. 21 at 19 o'clock a. m. has been set as the time for hearing remonstrances from dissatisfied property owners. At that time the board will hear remonstrances and finally approve the assessment roll.

A resolution for the improvement with brick of Pennsylvania street, from Maryland to South street, was adopted. The width of the street is to be sixty feet. The city engineer was ordered to prepare papers and submit them to the board for the paving with cement of the sidewalks of St. Mary street, from Delaware street to Fort Wayne avenue.

Final action was taken upon the resolu-

tion for bricking the first alley north of Walnut street, from Illinois street to Capitol avenue. All the property owners on the north side of Ninth street, between Meridian street and Talbott avenue, desired to pave the sidewalk with brick under private contract and the board granted the permission and took no action upon the resolution providing for such improvement. A petition was filed asking for the renumbering of the houses on Brookside avenue, from Clifford avenue to Newman street, but action upon it was deferred by The contract and bond of the Indiana Bermudez Asphalt Company for asphalting Tenth street, from Pennsylvania street to Talbott avenue, was approved. The smen are J. W. Cooper, D. De Ruiter, A. W. Conduitt and L. A. Fulmer. Bids for supplies for the city departments for the month of July were opene and the contract awarded to the Sentinel Printing Company at \$126.66. The other bids were: W. B. Burford, \$149.85; Baker & Thornton, \$142.60; George T. Weeks, \$134.96; Levey Brothers & Co., \$134.60; Jour-

nal Job Printing Company, \$132.05. Another New Route Suggested. The question of a rceite for the Indianapolis, Logansport & Chicago railroad was again up before the Board of Public Works yesterday. Every few days some one finds a route other than the one proposed by the company. The route now suggested is one selected by the city engineer by an examination of the city map, without having gone over the ground. It was informally discussed before the board yesterday. Mr. Cornelius and engineer Osmer, of the company, were present, City Engineer Brown proposed that from Landers's pork house the route extend south and cross Washington street on an elevated track on the east side of the canal by Merritt's woolen mills. He says the road would be on high ground at the pork house, and could cross Washington street on an elevated track without too great an ascent to be practical. After crossing the street it could again reach grade at Helen street, which is high ground. This street has been vacated, and there could be no objection to the road coming on to it at grade. The representatives of the company say they had considered this route, but found that it would be necessary to condemn several val-

uable buildings and much valuable property to acquire it. "Capitol-Avenue" Street Signs. The Board of Public Works yesterday considered the advisability of ordering the street signs on Capitol avenue changed. They now read "Tennessee street." It is probable that new wooden signs will be put up instead of metal ones. Bids for the sprinkling of Meridian street, from Fall creek to Twenty-sixth

street, were advertised for.

An Octogenarian's Death. Wiley M. Lowry, aged eightv-two years, died at 5 o'clock yesterday afternoocn at his residence, 228 College avenue. Mr. Lowry was a member of the Tippecanos Club, and since 1858 has lived in this city, where he was highly respected. He seaves five children-Mrs. J. P. Davis, Mrs. Flora Tutewiler, George, Charles and Will Lowry.

PLENTY OF SLUGGING

INDIANAPOLIS HITS STEPHENS FOR FORTY BASES IN ALL.

The Milwaukee Pitcher Was Badly Supported, However, While Sharsig's Men Played Good Ball.

Runs were as thick as blackberries yesterday, and Indianapolis made enough to win a couple of games. McCarthy was the hero of the stick, pounding out two home runs, a triple and two singles, while Mills was very much in it with two home runs and a single. In fact, everybody but Dalrymple took a lick at the ball, Henry, Gray and Phillips getting in big drives. Had all the Milwaukee players taken as familiarly to Phillips as did Carey and Long the teams might have been playing ball yet. The former got a home run and two threebaggers and the latter four singles. der to gain entrance to that city as a rival | Though Stephens was hit for a total of forty bases, much of the batting was done after chances had been given to retire the side, and Indianapolis, therefore, earned but five of the twenty-one runs. Milwaukee earned seven of its nine, the good fielding of the home team compelling the visitors to bat out about everything they made. While Cushman's men had an occasional spasm of brilliant fielding, their work in the main was ragged and decidedly yellow. Howe had a couple of great stops whereby he robbed Motz of what looked to be safe hits, and his playing was generally fine, while Newman made a remarkable running catch of a fly from Dalrymple's bat in the second inning. McCann and Fields, ex-Southern leaguers, appeared for the first time in Milwaukee uniforms, the former making a bad mess of it in center, and the latter being equally off behind the bat. Neither one did any hitting, but will probably find the ball ere long, as their reputation is above par in this line. Shields, Mills and McCarthy did clever

> winning ball. McCarthy led off with a home run to left center in the first, the next three men being cut off by Howe's excellent work. McCann and Clingman struck out in the last half, after which three singles earned a run, Long being caught at the plate by McCarthy's fine throw. He was trying to get home from second on Howe's single. Carey's base on balls and Walsh's hot drive, which Mills stopped but threw wild to second, accounted for Milwaukee's second run. Fields hit to Shields and was

work in the field and everybody put up

thrown out at first, Walsh being caught at the plate trying to get in on the play. After Stephens got a base on balls McCann With two out in the third Indianapolis started in to settle matters. McCarthy hit to the right center fence for a triple and Henry put a beauty against the left field fence for three bases. T.a. McCann dropped Gray's fly and Henry sprinted home. Motz got a scratch infield single, and Newman, after a hard run, muffed Dalrymple's fly. Westlake hit safe to left, and, after Mills had been thrown out at first by pitcher, the boy at the bulletin board chalked up five for Indianapolis. In the last half, with two out, Long hit to center for a base and kept on home when Dairymple let the bail go right through him. Howe was disposed of by Shields and

Snields started the fourth with a single to right, and Walsh dropped Phillips's high fly. After Fields had muffed Mc-Carthy's high foul that player hit safe to right, sending Shields home. Henry's fly to McCann let Phillips in and Gray hit safe to left, which, with a wild throw, by Fields, sent McCarthy across the plate. Motz was retired at first on a great stop by Howe, and Dalrymple flew to Walsh. Carey's three-bagger to the left center fence and Walsh's sacrifice added another Milwaukee run in the last half. Indianapolis kept piling them up in the fifth, when a beautiful home-run drive by Mills to right center, a fumble by Howe and McCarthy's second home run in time to right lifted the score to twelve and clinched the game. A life, a steal, Fields's wild throw and a sacrifice added another in the sixth, while in the last half Milwaukee picked up two on Long's single and Carey's home-run hit to center, which took a bad bound away from Dalrymple. Three more runs in the eighth gave the Wisconsin men a little hope, as they were earned by singles by Long and Howe a triple by Carey and Walsh's sacrifice. This momentary feeling of encouragement was almost instantly dissipated when Indianapolis took hold in the ninth. Walsh fumbled Westlake's hard-hit grounder as a starter, and then Mills banged out a home run to right, the ball bounding badly for Newman. Shields went out from short to first, but Phillips lifted the sphere against the club house for three bases, and Mc-Carthy his safe, sending him in. Henry's lively grounder got away from Howe and Gray flew to Long, letting McCarthy home. Motz got a base on balls and Dalrymple

Cann's fumble. Mills batted him around on a clean drive to center, and then Shields flew to Clingman, ending the Although McCann was hit by a pitched bill as an opener in the last half, the next three men were disposed of without trouble. One thousand people saw the game. Score: Indianapolis, A.B. R. H. O. A. E. McCarthy, 1..... 6 5 Henry, r..... 6 Grav. 3 Motz. 1. Dalrymple, m..... Westlake, c.... Mills, S 6 Shields, 2..... Christian Science and the Coroner. To the Editor of the Indianapolis Journal: Some ten days or two weeks ago a child of John Tudor was taken with the summer complaint. Tudor and his wife, believing in Christian science, sent for a faith healer. The child seemed to grow better under the treatment, and for several days hope was entertained of its recovery, but it took a relapse and died, notwithstanding they sent for Dr. Case, a physician of repute, before death. It was such an unusual thing for a child to die under such circumstances that the neighbors notified the coroner and the case was investigated, but the coroner found no occasion for proceeding against the bereaved parents. Almost the same day another child was taken with the same disease. The parents, believing in homeopathy, at once sent for a doctor of their school. For a day or two the child seemed to grow better, but it suddenly took worse and died. As summer complaint is very prevalent among children at this season, another child about the same age was taken sick about the same time. These sent for an allopath, and the child seemed to improve for a day or two, but it re-lapsed and died, after only about two days' sickness. The most noticeable thing in the case of these last two is that it is so common a thing for children to die of summer complaint when attended by homeopaths or allopaths that none of the neighbors ever thought of sending for the coroner. They

took it for granted that these children died from natural causes. U. L. SEE. Indianapolis. July 9. Praise for Gov. Matthews. To the Editor of the Indianapolis Journal: The efficient, prompt and manly course of Governor Matthews in these days of danger to human life and the wanton, senseless and criminal destruction of property, has commanded the admiration and commendation of every lover of good order in the State. Good citizens in all this region, of whatever complexion of politics, are a unit in applauding his patriotic purpose and the firmness displayed in carrying it forward. People of every political creed take pride in the fact that Indiana has an ex-ecutive who holds the honor of the State in high regard, and who, while sympathizing with all honest labor, hesitates not to assume responsibility in preserving the lives

all good citizens everywhere. Marion, Ind., July 9. REPUBLICAN. A Protest by Contrast. Philadelphia Times. It may have dawned upon many that one effect of the craze for short skirts on the stage and in pictures has been to make long skirts the fashion, especially for

himself a conservative, capable and prompt

friend of the peace and good order of so-

young girls, and it is now exceptional to find a school girl whose skirts do not touch her shoe tops. Dr. Price's Cream Baking Powder

World's Fair Highest Medal and Diploma.

HE BEST Is the best Blood Medicine, because it assists nature to throw off the im-

purities of the blood, and at the same time tones up the entire organism. This is just contrary to the effect of the various potash, mercury, sarsaparilla mixtures, which bottle up the impurities in the system, thus producing much vickness and suffering. Therefore, for a

BLOOD MEDICINE you cannot do better than take S. S. S. "As a physician, I have prescribed and used 8. S. in my practice as a tonic, and for blood

tro; bles, and have been very successful. I never used a remedy which gave such general satisfaction to myself and patients. "L. B. RITCHY, M. D., Mackey, Ind." Treatise on blood and skin diseases mailed free. SWIFT SPECIFIC CO., Atlanta, Ga.

INDIANAPOLIS, June 28, 1894. Crescent Remedy Company: Gentlemen-I paid 50 cents for a box of Crescent Salve. It has done me fifty dollars' worth of I wouldn't do without it if the price were \$5 a box. It is "far and away" the best. most soothing and effective balm I have ever used for catarrhal affection. It is easily applied, cleansing and pleasant. To me it is worth more than its weight It has done for me what other remedies and a number of physicians failed to do; hence I can and do cheerfully recommend it to anyone suffering with any catarrhal This testimonial is entirely unsolicited, given in the interest of sunering humanity, and you are at liberty to use it in any Gratefully yours,
HARRY W. OLMSTEAD, nanner you cho
